GOVTECH TODAY

PRESENTED BY AT&T

APRIL 22, 2019

Why Did Washington State's Privacy Legislation Collapse?
The bill would have been the second of its kind in the nation, but the gap between the version supported by the tech industry, and the more stringent version favored by privacy groups, proved too big to close. READ MORE

CONTENT PROVIDED BY AT&T
Government is Where Innovation Happens
Public sector organizations are improving services to constituents; saving money, time and labor; and keeping workers happier and more productive.

GovEx Pop-Ups Bring the Center's Teachings Direct to Cities
The Johns Hopkins University-based organization that works to help cities better use data in governance has taken its teachings on the road, holding one- or two-day workshops in a number of locales. READ MORE

Utah Embarks on a Mission to Familiarize Residents with AVs
Over the next year, a small electric autonomous shuttle will be deployed to showcase the potential for rapidly evolving transportation technology across the state. READ MORE

Is Your Smart City Watching You? There's an Icon for That
In lieu of fine-print user agreements or nothing at all, a prominent urban innovation startup offers a visual language to tell people, at a glance, when they're being scanned or surveilled, by whom and for

what purpose. READ MORE

QUESTION OF THE DAY

What was the Weather Channel's Thursday forecast?

ANSWER

CONTENT PROVIDED BY AT&T
Preparing for the Future
As new technologies emerge at an exponential pace and security threats continually multiply, old network strategies simply won't work.
